PROFESSIONAL SUMMARY

Mobile app developer specializing in React Native cross-platform development, with expertise in building scalable, high-performance mobile applications for iOS and Android. My unique combination of mobile development skills, digital marketing insights, and data analysis expertise enables me to create apps that not only deliver exceptional user experiences but also drive engagement and business growth. Proficient in modern technologies including React.js, Node.js, Firebase, and MongoDB for comprehensive full-stack mobile solutions.

TECHNICAL SKILLS

Mobile Development

- **React Native** - Cross-platform mobile app development for iOS and Android
- **Progressive Web Apps (PWA)** - App-like web experiences with offline capabilities
- **Native Modules** - Custom native code integration when needed
- **App Store Deployment** - iOS App Store and Google Play Store publishing
- **Performance Optimization** - Memory management, rendering optimization, and smooth animations

Frontend & Backend

- **React.js & Next.js** - Modern frontend frameworks and server-side rendering
- **JavaScript ES6+** - Advanced JavaScript features and mobile-specific patterns
- **Node.js** - Backend API development and server-side logic
- **MongoDB** - NoSQL database design and mobile data synchronization
- **Firebase** - Real-time databases, authentication, push notifications, and cloud functions

Development Tools & Testing

- **Expo** - Rapid React Native development and deployment
- **Metro Bundler** - React Native build optimization
- **Flipper** - Mobile app debugging and performance monitoring
- **TestFlight & Google Play Console** - App distribution and beta testing
- **Git & GitHub** - Version control and collaborative development

Analytics & Marketing

- **Google Analytics 4** - Mobile app analytics and user behavior tracking
- **Firebase Analytics** - In-app user engagement and retention metrics
- **Push Notifications** - User engagement and re-engagement strategies
- **Data Analysis** - Python (Pandas, NumPy) for app performance insights
- **A/B Testing** - Mobile app feature testing and optimization

Additional Skills

- **UI/UX Design** - Mobile-first design principles and user experience optimization
 - **Content Creation** - Adobe Premiere Pro, CapCut, Canva for in-app content
 - **AI Tools** - Smart features integration and automated solutions
 - **Cross-Platform Integration** - Web, mobile, and backend synchronization
-

PROFESSIONAL EXPERIENCE

Digital Marketing Executive & Web Developer

Home Sweet Home Real Estate - Dubai

07/2024 - Current

Social Media Manager

Brokers Online Africa

08/2019 - 01/2021

- **Mobile-First Content:** Created mobile-optimized social media content and campaigns achieving 25% higher engagement
 - **App Integration:** Developed social media integration features for mobile applications
 - **Mobile Analytics:** Implemented mobile-specific tracking for social media driven app downloads and engagement
 - **User Acquisition:** Created mobile app marketing strategies resulting in increased downloads and user retention
-

MOBILE APP DEVELOPMENT HIGHLIGHTS

Key Features Implemented

- **Authentication Systems** - Firebase Auth, social logins, biometric authentication
- **Real-Time Features** - Live chat, notifications, real-time data updates
- **Location Services** - GPS tracking, location-based features, mapping integration
- **Payment Integration** - Stripe, PayPal, and local payment gateway implementations
- **Offline Functionality** - Data caching, offline-first architecture
- **Push Notifications** - Targeted, personalized, and automated notification systems

Performance Achievements

- **App Store Ratings** - Consistently achieved 4.5+ star ratings across published apps
 - **Load Times** - Optimized app startup times to under 3 seconds
 - **Crash Rates** - Maintained crash rates below 1% through robust error handling
 - **User Retention** - Achieved 35% improvement in user retention through UX optimization
 - **Download Rates** - Contributed to mobile applications with 10,000+ active users
-

KEY ACHIEVEMENTS

- **Cross-Platform Excellence:** Successfully developed and deployed mobile apps serving 10,000+ active users

- **Performance Optimization:** Achieved 40% faster mobile app completion rates through optimized user flows
 - **User Engagement:** Increased mobile engagement rates by 35% through data-driven UX improvements
 - **App Store Success:** Published multiple applications to both iOS and Android app stores with high ratings
 - **Real-Time Solutions:** Implemented complex real-time features including GPS tracking and live notifications
 - **Revenue Impact:** Contributed to mobile solutions generating 150+ qualified leads monthly
-

TECHNICAL PROFICIENCIES

React Native Ecosystem

- Navigation (React Navigation v6)
- State Management (Redux, Context API)
- UI Libraries (NativeBase, React Native Elements)
- Animation (React Native Reanimated, Lottie)
- Testing (Jest, Detox for end-to-end testing)

Native Integrations

- Camera and Media handling
 - File system operations
 - Device APIs (Contacts, Calendar, Sensors)
 - Background tasks and scheduled jobs
 - Deep linking and universal links
-

EDUCATION & CERTIFICATIONS

Uganda Advanced Certificate of Education (UACE)

Professional Certifications:

- Certificate in Digital Marketing - Udemy
 - IBM Professional Data Science Certificate - Coursera
 - Technical Writing - Udemy
 - HubSpot Inbound Marketing - HubSpot
-
